Guest Speakers

Alex Beard	<i>Educationalist</i>	Alex has spent time travelling the world in search of the practices that will shape the future of learning and written about his experiences for the Independent, Guardian, Financial Times and Wired.
Rob Bradley	<i>Storyteller, Songwriter, Rapper</i>	Rob Bradley is a poetic rapper and storytelling songwriter. He has performed around the world, from basement clubs in New York to festivals throughout Europe, and collaborated with international artists and songwriters along the way. He's built a solid fan-base and reputation as an astute lyricist, captivating storyteller and unrivalled improviser, in fact he's a freestyle rap world champion.
Daisy Coombes	<i>JCB Apprentice</i>	Daisy is an award winning apprentice for engineering firm JCB.
Ed Currie	<i>Cosmetics entrepreneur</i>	Ed is the founder of @PittLDN (www.pittlondon.com) and former professional actor, choreographer and movement director based in London.
Professor Danielle George	<i>Professor of Radio Frequency Engineering</i>	Professor of Professor Radio Frequency Engineering and the Associate Dean for Teaching and Learning at Manchester University. Danielle is a regular presenter of Science programmes on the BBC and presented the Royal Institution Christmas Lecture in 2014.
Tom Jacques	<i>Process Engineer at Siemens, Event Organiser at Silverstone Circuits Ltd</i>	Tom is extremely self-motivated with the dream of becoming a successful and capable engineer.
Oliver Meech	<i>Magician. Psychologist.</i>	Oliver Meech is a magician, speaker and writer. He combines magic with other interesting things, including science, psychology and food. His unique shows have toured the UK, including two sell-out runs at the Edinburgh Fringe. Offstage, he's written two bestselling books for magicians, created communications for leading brands, and acted as Magic Consultant for Discovery Channel's The Magic of Science.
Emma Rosen	<i>Writer and Blogger</i>	Emma spent a year trying 25 careers before turning 25 through short term work experience, shadowing and just giving things a go. She completed the challenge, and finished all 25 placements before her 25th birthday in August 2017.
